We invite you to explore the programs, courses and learning options that we have to offer students at New Westminster Secondary School. We will be presenting four information sessions for incoming Grade 9-12 students and parents over the course of two evenings. All information sessions will take place through MS Teams. Each presentation will be introduced by the grade level administrator, and led by our school counsellors; and will also include contributions from the IB and Trades/Career coordinators.

To join an information session, please follow the corresponding MS Teams link on the left.
